VIN: 1GNFC13038R255372

Year: 2008 **Make:** Chevrolet **Model:** Tahoe

Number of Open Recalls: 1

NHTSA Recall Number: 16V383 **Recall Date:** May 27, 2016

Manufacturer Recall Number: 2049152

SUMMARY:

Takata Corporation ("Takata") has decided that a defect which relates to motor vehicle safety exists in certain 2007-2008 Cadillac Escalade, Escalade ESV, Escalade EXT, Chevrolet Avalanche, Silverado 1500, Suburban, Tahoe, GMC Sierra 1500, Yukon, and Yukon XL vehicles. This is based upon Takata's decision that front passenger airbag inflators it supplied to GM are defective. Accordingly, GM will conduct a recall of its airbag inflators covered by Takata's defect information report, unless GM is able to prove to NHTSA's satisfaction that the inflators in its vehicles do not pose an unreasonable risk to safety.

SAFETY RISK:

The propellant in some types of Takata airbag inflators can degrade over time, especially after long term exposure in hot and humid regions. If the propellant degrades to a certain level, the inflators may rupture during deployment, causing serious or fatal injuries.

REMEDY:

You will be notified when there are parts available to remedy your vehicle. You can also check the status of this recall at my.gm.com/recalls. GM considers your vehicle safe to drive.

Additional Safety Information

Besides the VIN search tool you just used, NHTSA offers additional safety information based on a vehicle's make, model, and model year and not tied to any particular VIN. A search by vehicle make, model, and model year gives you access to information about technical service bulletins, NHTSA investigations, and owner complaints, as well as safety recalls on aftermarket equipment that is often not linked to a particular VIN or even to your vehicle's manufacturer.

To search NHTSA's safety information based on your vehicle's make, model, and model year, please go to the Safety Issues section and follow the instructions there.

Recall information for this manufacturer is only available going back to August 20, 1999. If your vehicle was manufactured before this date, please contact the manufacturer for possible additional recall information.
