Manufacturer: CAYUSE

Make: OH-6

Model:

Manufacture Date (MM/DD/CCYY): 01/01/1968

Serial Number(s): 68-17213

Are Major Components Missing?

Yes or  No

If yes:

Engine

Avionics

Other

Is the Dataplate Available:

Yes or  No

Are Historical and Maintenance Records Available:

Yes or  No

Has aircraft been certificated by the Federal Aviation Administration:

Yes or  No

Has aircraft been maintained to Federal Aviation Administration standards:

Yes or  No

Has the aircraft been used for non-flight purposes:

Yes or  No

If yes:

- Ground Training
- Static Display
- Extensive disassembly and re-assembly
- Repeated burning for fire-fighter training
- Extensive cannibalization

Description: (PHOTOS ATTACHED)

The 2 airframe shells (S/N 67-16569 and 68-17213) have been used to support (replacement parts) the 3 flying OH-6a aircraft that we had flown beginning in 1994 and concluding in 2012. They have never been flown by KCPD. Therefore most usable components have been removed and all that remains are the bare airframes. As far as maintenance records are concerned, we have the original military records up to the time the aircraft were transferred to KCPD, but no other records were maintained.

Condition:

- New/Unused
- Usable
- Repairable
- Salvage
