

A1QSCI-16-058, LOT 503

STORAGE TANK, HELIUM: (no trailer included in sale)

MFR FIBA TECHNOLOGIES

MDL ISO HELIUM TANK 820

TANK IS EMPTY – Current weight is 23,000 lbs *(23,600 lbs when full)*

Tank has 8 steel tubes in a manifold configuration.

Each tube can hold 8,000 SCF of Helium

The tanks when full would be up to 3,000 PSI

The 8 tubes are protected in a steel shipping crate: **20 ft long x 8 ft wide x 5 ft high**

Condition of tank is unknown.

Purchaser will need to hire and coordinate crane services to load tank if needed. **(no assistance available)**
